2d. Provide a measure(s) of the program's efficiency.

Note: Regulated entities are required to provide a response within 20 days (20 CSR 100-4.100). An investigation of a consumer complaint against an insurer takes an additional 40 days. The Agent Investigations measure of 120 days is based on the fact that agent investigations, which sometimes involve fraud, court records, interview of witnesses, subpoenas, etc. take longer to investigate. One of the primary missions of the department is to mediate complaints in a timely manner while recognizing the importance of a complete investigation and protection of consumers.

Note: The accreditation requirements regarding the review of supplemental filings is 60 days for priority companies and 120 days for non-priority companies; however, we strive to adhere to a 60 day timeframe for all. Supplemental filings include the Management Discussion and Analysis, Audited Financial Reports, and various other exhibits and filings that are related to but due after the submission of the annual statement. It is important that these supplemental filings be adequately and timely reviewed so that issues and risks that may affect an insurance company's solvency can be identified and addressed during our risk-focused analysis process.

Program is found in the following core budget(s): Division of Finance

2c. Provide a measure(s) of the program's impact.

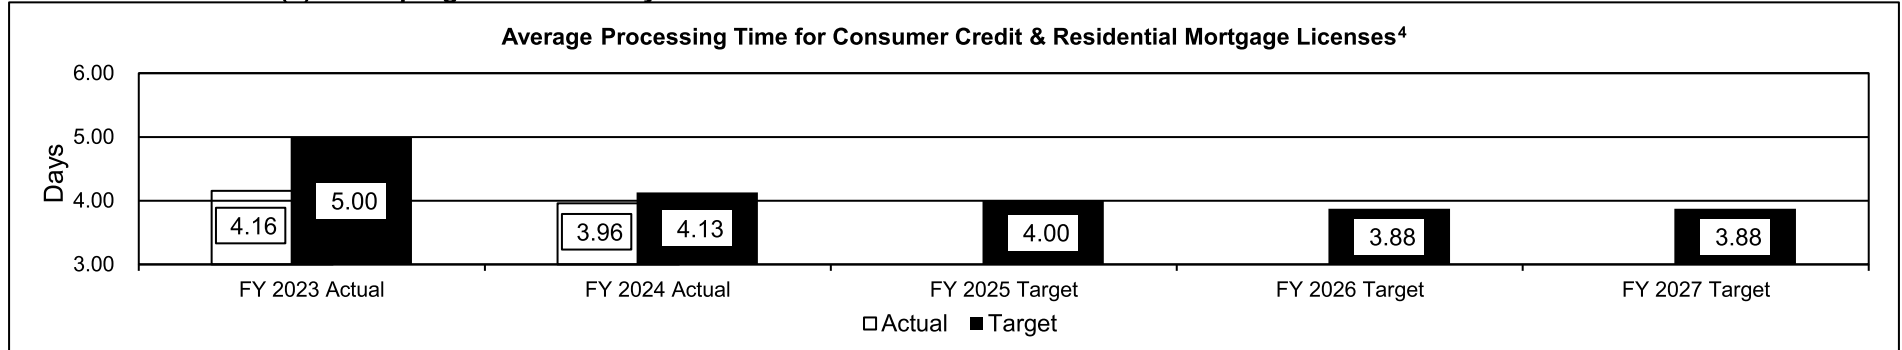

- The Division of Finance performs safety and soundness examinations of state-chartered banks, trusts, and savings and loan associations.
- These examinations protect Missouri's depositors and borrowers and ensure each institution operates on a level playing field.
- Many banks have recognized the advantages to conversion from a national-charter to a state-charter as illustrated in the chart below.
- No banks have converted from a state-charter to a national-charter during the same period.

Number of Banks and Savings & Loans That Have Converted from a National to a State Charter

WHY DOES CONVERSION TO A STATE-CHARTER BENEFIT MISSOURI?

- A state-charter keeps bank assessment funds in Missouri, rather than sending those funds to Washington, D.C.
- Bank assessments for Missouri's state-chartered banks are generally lower than national-charter assessment amounts.
- If consumers or depositors need assistance or have questions, the Missouri Division of Finance can provide timely and relevant assistance.
- The Missouri Division of Finance is able to identify local and regional economic changes that can affect institutions and take measures to ensure institutions remain successful.
